

Enterprise-level performance

Desktop performance and productivity that's ready for business

The all new ThinkCentre® M-series M900 and M800 Tower & Small Form Factor come in a sleek new ID offering enterprise level performance with up to 6th Generation Intel® Core™ i processor and optional PCIe SSD¹. The desktops also feature the ThinkCentre® Dust Shield, a unique Lenovo® solution, that reduces dust intake by up to 57%² reducing maintenance and extending the life of the machine.

The SFF is 17% smaller than its predecessor whilst the tower has an integrated handle and front accessible and removable HDD delivering robust protection for your critical data.

For enhanced features the M900 and M800 offer PCI slot for expansion and Intel® Stable Image Platform Program. M900 also offers Intel® vPro™ for enterprise management.

WHY YOU SHOULD BUY THE LENOVO™ THINKCENTRE® TOWER & SMALL FORM FACTOR

Free-up more desk space

The sleek compact 10L Small Form Factor will free-up valuable desk space and is 17% smaller than its predecessor.

ThinkCentre® Dust Shield

ThinkCentre® Dust Shield, a unique Lenovo™ solution, is an easily removable and washable filter that fits discreetly on the front chassis of the system and reduces dust intake by up to 57%².

Boosts performance

The range delivers the latest Intel® 6th Generation processors. Furthermore the M900 offers PCIe SSD storage for a turbo boost. Optional PCI slot is available for expansion.

Enterprise ready

Intel SIPP provides a smooth transition between platforms while in M900 also comes with Intel vPro™¹ for enterprise manageability.

THE LENOVO™ THINKCENTRE® TOWER & SMALL FORM FACTOR IS BEST SUITED FOR

1 | Business looking for powerful enterprise-level performance, with available enterprise management and support for legacy systems.

2 | Businesses looking for reliable machines in dusty environments.

3 | Businesses that need a space-saving desktop form factor to free up valuable desk space.

¹ M900 only.

² Testing simulated 3 year usage in an end-user environment using 400g of free-settling dust. The test compared the amount of dust accumulated inside a ThinkCentre® tower with a dust filter and a ThinkCentre® M900 Tower without.

RECOMMENDED SERVICES

Lenovo™ offers a comprehensive portfolio of services to support and protect your ThinkCentre® investment. Succeed with substance and let Lenovo's Service support you all the way.

PRIORITY TECHNICAL SUPPORT⁸

Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking and escalation management services.

WARRANTY UPGRADES - ON-SITE AND NEXT BUSINESS DAY

Maximizes PC uptime and productivity by providing convenient, fast repair service at your place of business.

WARRANTY EXTENSIONS (1 TO 5 YEARS TOTAL DURATION)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and lower the cost of ownership over time.

ACCIDENTAL DAMAGE PROTECTION

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

KEEP YOUR DRIVE

Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure.

ASSET TAGGING

Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.

⁸ Not available in all regions.
